On behalf of the American Legion Auxiliary, Department of Mississippi, I am proud to present the 2025 Magnolia Girls State Application, ready for you to apply online. Our session is scheduled for June 8-13, 2025, at the University of Mississippi in Oxford.

The American Legion Auxiliary Magnolia Girls State program provides an opportunity for high school women who have completed their junior year to experience the “nitty gritty” of state government. This program not only instills in its attendees a sense of pride and loyalty in American citizenship, but it also cultivates you in personal growth, instilling confidence in yourself to strive for excellence along the path ahead.

Since 1937, more than one million young women have attended American Legion Auxiliary Girls State program, held annually in every state. Girls State has produced more successful women than any other girls’ citizenship training program in the country. Now, it’s your turn to join this elite group as a future graduate of our program.

Please complete the online application found at alamagnoliagirlsstate.com in its entirety, and in the QR codes below. Your school counselor will need to complete and sign the attached High School Information form as an endorsement for your participation. Further instructions are also included in this registration packet.

What is Girls State?

The American Legion Auxiliary Girls State program changes lives by bringing together dynamic young women for an intense week of leadership, patriotism and community enlightenment. The Girls State program is a proven leadership laboratory.

For the fictional self-governing state of Magnolia, delegates/citizens will elect their leaders, write bills for debate, and run a legislative session. In the process, these leaders—class presidents, top varsity athletes, artists, and debate champions—dynamically engage with state representatives and senators.

Two participants from each of the 49 states who hold a yearly session are selected to attend the elite American Legion Auxiliary Girls Nation in Washington DC in July, with a once-in-a-lifetime opportunity to meet the President of the United States.

Girls State is where the seeds of patriotism are cultivated in our nation’s finest high school girls, by women who care deeply about the future of America and take its leadership seriously. It is where future leaders realize their true potential!

“Girls State impacted my life and gave me newfound confidence to help my community and society,” said one former Girls State Citizen. “It influenced my career choices and my educational choices. The experience changed me dramatically.”

Objective: American Legion Auxiliary Girls State provides an opportunity for superior high school women who have completed their junior year to experience the “nitty gritty” of state government processes—the chance to live outside the textbook. This program not only instills in its attendees a sense of pride and loyalty in America, but also prepares these women for a career in politics, public service, and excellence along their career path. It is the chance to plunge head-first into democracy, develop sharp leadership skills, and create the foundation for informed and responsible world citizenship.

“[After attending Girls State], I felt more empowered,” said one former Girls State Citizen. “I had the freedom to make choices for myself.”

History: Since 1937, more than one million politically savvy young women have attended American Legion Auxiliary Girls State. Girls State has produced more successful women than any other girls’ citizenship training program in the country.

Activities: Mock caucusing and debating of bills educate young women in the real state legislative processes. Each program is state-run and thus unique to the state in which it is held. Cutting-edge political topics ensure that the debates are relevant, lively, and passionate. Fierce political campaigns are held to elect a Girls State governor, and all State-wide officials and party officials, and pass legislation. Girls also have the opportunity to meet with some of their state representatives and senators, who are genuinely interested in the fresh ideas of these future leaders.

“I still believe Girls State is the best program for young women,” said a former Girls State Citizen. “It can change their lives as well as teach them about politics and their country.”

In addition, ALA Magnolia Girls State offers these participation opportunities:

- City project to be judged at the end of the week
- College Day with representatives from state universities, colleges, and service academies
- *Alagista* staff (a “yearbook” of the delegates and events of the week)
- Glee Club
- Nightly scheduled social activities

Other Information: Three meals are provided daily at the university’s dining facility.

At ALA Magnolia Girls State, each delegate will share a dorm room with another delegate. Assignments are random, and care is taken that no delegate from the same local school is assigned in the same city, if possible. It is our desire that our delegates have the opportunity to meet others from different areas of the state. Friendships made at ALA Magnolia Girls State have proven to be lifelong and cherished.

An information packet will be emailed to the delegate once her unit sponsorship form is received. Although time for recreation is planned, **ALA Magnolia Girls State is not a recreational camp.**

Citizens will not be allowed to leave the campus area assigned to ALA Magnolia Girls State. No visitors are allowed. Smoking, alcohol consumption, and illegal drug use are strictly prohibited. Citizens driving cars to Ole Miss must turn in their car keys to their Senior Counselor at check-in.
