## Absentee Policy

- 1 YES – WE DID SOMETHING IMPORTANT WHILE YOU WERE ABSENT.** It is your responsibility to check Canvas to find out what you missed.
- 2** You have **ONE DAY for each day you are absent** to make up missed work. After that day, any missing assignments will be accepted with a late penalty.

- 3 e-submission policy:** You are always to submit all your assignments through Canvas. There is no excuse to not have an assignment in on time.
- 4** Any assignment you are absent for will be entered as a **ZERO until it is turned in.** It is the students responsibility to complete missing assignments.

## Other Policies

**\*Late work IS accepted for 10 pts off per class of the grade.**

**\*ATTENDANCE:** The attendance / tardy policies for the Madison County Career and Technical Center will be strictly enforced. Due to the hands-on nature of the subject matter, class attendance is critical.

**\*LIFE HAPPENS!** If you are having issues at school or at home, have a huge exam coming up for science, or realize you need more time to complete your absolute best work for any other reason, e-mail me and request an extension. **You must come talk to me or e-mail me the day before** for the extension to be granted. You cannot come in 5 minutes before class and expect an extension.

**\*All assignments should be done in class.** There is **no need** to obtain the software that we have in class at home unless a student wishes to do so. Students should have enough time in class to complete assignments.

## Notice...

I have read and understand the rules and expectations for DMT. I acknowledge that it is my responsibility to contact my teacher if I have any questions or concerns. I know that this syllabus, assignments, calendars, and resources are available to me on the **Canvas** at any time. I know that assignments must be submitted to the teacher on Canvas and that computer issues are not an excuse for late assignments.

**Late work will be entered in Canvas at a reduced priority and will not be given full credit.** It is in your best interest to begin a habit of meeting deadlines - which means turning in assignments on time.

## Units: What are we learning?

DMT I encompasses the foundation skills necessary in the digital media industry. Content such as safety, ethical issues and production, photography, graphic design, print production, and music production will be offered to students.

- 1** Introduction, Safety, and Orientation
- 2** Photography and Photo Editing
- 3** Print Production and Design
- 4** Introduction and Editing for Audio Production
- 5** Finalizing Audio Production

## Cheating...

- \*The teacher will notify the administration and contact parents if cheating is suspected.**
- \*The student will be given a failing grade for that particular test, assignment, for the grading period, or for the semester.**
- \*Students involved in cheating may be excluded from any/all school activities.**
