January 8, 2021

Dear MCS Families,

We have enjoyed a wonderful first week back in school at all campuses and in virtual learning. Students and faculty have hit the ground running to finish out the final weeks of first semester. As a reminder, first semester will conclude on January 22, and second semester begins January 25.

Although we have entered a new year, Covid-19 remains a concern throughout our community. Please be mindful to stay safe over the weekend and avoid any unnecessary gatherings. We need everyone's help to stop the spread of illness and keep our campuses open. If your child feels unwell or comes in close contact with a positive case, please do not send him or her to school. If you have any questions about how to handle illness or exposure, please see the student decision tree posted on our website.

Winter has arrived, and with this season comes the possibility of inclement weather. This year we are fully equipped to pivot to distance learning should weather impact our ability to hold on-campus classes. Should this transition to distance learning be necessary, we will spread the word through phone calls, websites, and social media to let you know as soon as possible in advance. Unless you hear from us otherwise, school will be in session as normal.

Sincerely,

Charlotte A. Seals
Superintendent
Madison County Schools
