

Reserved Parking & Membership FAQs

- 1. Can I join the PTO and purchase a parking decal without going through Eventbrite and use cash or check?**
Yes, there is a manual form posted on the PTO website and on July 10th and 12th from 8:00-12:00 noon there will be PTO members at the school to accept payments.
- 2. My child will be a sophomore and won't drive until later in the year. What do I do about parking?**
You can still join the PTO by July 12th and purchase your decal to reserve a spot for them when they are able to drive. There is no difference in the price and the earlier they select their spot the more likely they are to park close to their friends.
- 3. My child rides the bus and doesn't need a parking decal. Can I still join the PTO through the Eventbrite site online?**
Yes, you can purchase membership only through the Eventbrite site.
- 4. Can my child keep the same parking spot they had last year?**
No, every year students are required to purchase new parking decals and select a new spot. They can certainly select the spot if it is available once the system opens for their grade level.
- 5. Last year I was not able to select my spot from my iPhone or iPad. Can I use them this year?**
Your safest bet is to use a computer. Eventbrite has an iPhone and Android app that work sometimes on the PTO membership site but not at all with parking spot selection.
