Parents, to help your child be as successful as possible on testing days, you can:

- Be sure that your child gets plenty of rest the night before testing.
- Be sure that your child is present and on-time daily.
- Be sure that your child eats breakfast at home or here at school.
- Be sure that your child has all needed materials and supplies.

We appreciate partnering with you to help grow your child. The data collected from MAAP assessments helps schools make the best possible educational decisions for all students.
